

## Pilot Programs

Districts: Central Curry and Coquille School Districts

Schools: Sunset MS (Coos Bay SD), North Bay & Hillcrest Elementary Schools (North Bend SD)

The South Coast ESD and the University of Oregon's Oregon Research Schools Network (ORSN) will be partnering with the districts and schools above to conduct a pilot program. The focus will be creating trauma-informed school systems that are evident at all levels -- in every classroom, integrated schoolwide, in discipline systems, in the district policies, and in the school board's vision.
